

JÜLG

ORIGIN. HANDCRAFT. PASSION.

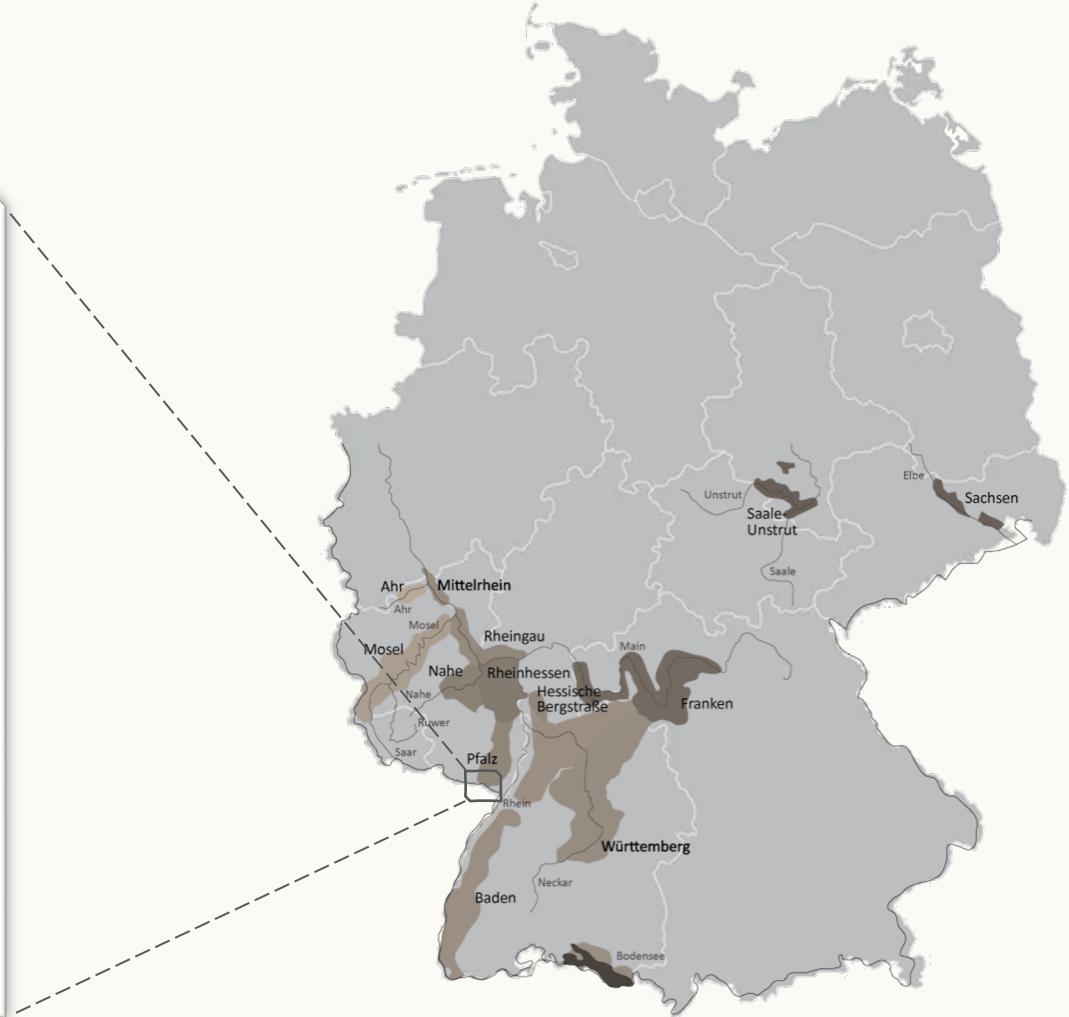

VDP.WEINGUT

In Schweigen we trust

Our home. Our origin. Our heritage. Where once borders were built in the middle of vineyards, today we combine the best of two cultures! With French **elegance** and German **precision**, we make **terroir-driven** Burgundies and Riesling that are second to none. This makes us true border crossers.

50% GERMANY | 50% FRANCE | 100% JÜLG ESTATE

A photograph of a vineyard at sunset. The sun is low on the horizon, casting a warm orange glow over the landscape. The vineyard rows are visible in the foreground, and rolling hills are in the background.

**COOL
CLIMATE**

A photograph of a vast forested landscape in the Palatinate region. The foreground is filled with dense green trees, while the background shows rolling hills and mountains under a clear sky.

**PALATINATE
FOREST**

A photograph of a vineyard with limestone terracing. The foreground is dominated by a wall of large, light-colored limestone rocks. Above the wall, grapevines with green leaves and clusters of grapes are visible.

LIMESTONE

A close-up photograph of purple flowers, likely a species of Salix or a similar shrub. The flowers are in sharp focus against a blurred green background.

BIODIVERSITY

Elegance. Precision. Terroir-driven.

VDP.CLASSIFICATION

The VDP.Classification is determined by a clear guiding principle:
The closer the origin, the higher the quality.

JEAN-FRITZ | VINS DE SOIF

Jean-Fritz - half German, half French - is the epitome of border-crossing winegrowers from Schweigen. He embodies a passion for wine, good food and social life. To achieve this ideal, he doesn't just go to his limits, but literally beyond them - day after day!

VDP.SEKT

Craftsmanship and time are our maxims in sparkling wine creation: pure hand-picking of only healthy grapes, gentle whole-bunch pressing, ageing in large wooden barrels, traditional bottle fermentation and several years of yeast storage are our strict criteria.
